Musical learning	<ul style="list-style-type: none"> <li>• work and perform in smaller groups</li> <li>• identify if pitch is getting higher/lower/staying the same</li> </ul>
Resources	(a) PowerPoint slide: <b>JUMP OVER JERICHO</b> (b) The Song Stack: <b>JUMP OVER JERICHO; OFF ON HOLIDAY</b> (c) Sing Up: <b>THE MAGIC TRAVEL MACHINE</b> (d) a collection of holiday items (or images of the items): <i>bucket and spade, flippers and mask, cossie and towel, sun-cream and hat, a bat and ball</i>
Introduction/ warm up	This week, before playing, <b>HERE WE GO SANTA MALONEY</b> organise pairs of adjacent singers round the circle. Ask them to choose and try out two actions and remember them! As the game progresses, point to a pair and ask them to start the second verse by singing and performing their actions – everyone else joins in as soon as they hear the action line.
Main part of the lesson to include some aspects of:  <b>Singing</b>  <b>Composing</b>  <b>Performing</b>  <b>Listening</b>  <b>Appraising</b>	1) Learn the clapping pattern for <b>JUMP OVER JERICHO (The Song Stack)</b> , which reinforces maintaining the pulse (beat). Children work in pairs, facing each other. Establish which is the <b>right</b> hand and try the 4-way pattern, slowly at first, then speeding up:  <i>clap right hands, clap own hands, clap left hands, clap own hands.</i>  Display the PowerPoint slide <b>JUMP OVER JERICHO</b> , practise saying the place names, then listen to the CD recording, noticing the alliterative element. Try adding clapping pattern – the four claps fit to one line i.e.  Right own left own, right own left own Jump ov-er Jer-i- cho, skip ov-er sea  Can children identify which line has a tune that is different from the others? (4 <sup>th</sup> )  2) Revisit <b>THE MAGIC TRAVEL MACHINE</b> (Sing Up) and perform. If the children are very familiar with the song, try singing to the backing track.  3) Explore the holiday items or images together Listen to the CD recording <b>OFF ON HOLIDAY (The Song Stack)</b> and notice that the <b>structure</b> is cumulative, with a new item introduced each verse and then adding the previous items. Ask children to help you arrange the items/images in the correct order.  4) Join in with the song – the tune is very simple and involve children in holding up the correct item as each one is introduced.
Ideas for revisiting in the week	Once <b>JUMP OVER JERICHO</b> is familiar, encourage children to invent their own clapping patterns. Some boys find these hand actions difficult having had no experience of playing them in the playground, so try pairing boys with girls for peer support.
