Introduction/ warm up	FASHION NEWS Ask pupils to choose hats or headgear items this week and select several different pupils to lead each verse.
Main part of the lesson to include some aspects of: Singing Composing Performing Listening Appraising	(1) Display the PowerPoint slide of the chant FLING ON THE BLING (words of page 2) and listen to the mp3 recording. Notice that the two parts are chanted separately and then together to create a more complex and interesting texture. (2) Practise chanting the parts separately until the diction is really clear and the rhythm is confident and accurate. (3) Now try putting the rap together as a two-part piece. Chant steadily and maintain a good balance between the two halves, by listening. Notice that part 1 repeats the 8 lines, whereas part 2 has a second verse. Swap parts. (4) Watch the HAND JIVE clip on YouTube and encourage pupils to join in. It provides excellent exercise and good rhythmic training, too. Encourage a small group to choreograph a hand jive sequence to fit the chant and ask them to teach the class. (5) Plan your performance: you could begin with the hand jive sequence, perform half the chant, insert another hand jive sequence then perform the second half, but your pupils may have other more creative ideas... so give them opportunities to try these out.
Ideas for revisiting in the week	It would be a great entertainment feature to perform this piece with pupils wearing all the 'bling' they can collect. Film the performance and upload to the school website.
